'round town

with Betty Allen...

Every now and then there appears on the contemporary scene a woman, so remarkable as to command the stunned admiration and respect of everyone. Such a woman is Mrs. Paul G. Larkin, a quiet, gentle woman with the lady-like hobby of antique collecting. But guess what she did last week? She killed a mouse with a broom handle!

On Tuesday, Matthew Thiltgen, Intertype operator at The Press, celebrated his 72nd birthday. Many younger men could take a lesson from "Mat" in energy, diligence, conscientiousness and skill. An experineced craftsman in his line, he has had experience in all types of printing business and is a veteran of the former San Jose Evening News.

Frank Freeman can stop worrying about that foot race between Jack Murdock and Gene Hodges. Jack claims he won by default . . . says he challenged Gene at the Oddfellows' picnic and Gene refused. Who wants to race on a full stomach anyway?

On Monday the hearings on the proposed incorporation boundaries will be resumed.

Yesterday was an anniversary for Guy Farley who started in business 23 years ago. It's the same day the swallows leave Capistrano and Guy thinks there's some connection. He has been in the same office all this time, but he says the fern was there before him, being almost 30 years old. I might add that during that 23 years he has become one of the most well loved and respected men in the community.

Trend of the times? Another Chamber of Commerce meeting without enough members to form a quorum . . . and the firemen didn't turn out for their monthly drill last Sunday.

Kiwanis members are chuckling over Ray Bishop who is reputed to have paid a fine cheerfully and willingly. They have called off their Hallowe'en party but Frank Coombs will give his annual party for the children of the Cambrian district, which has become a tradition in the community.

Voters in precinct 7 who received instructions to vote at 199 Sunnyvale and are searching for the street can relax. It seems the San Jose printer (poor devil) made a mistake—what is meant is just good old Sunnyside.

Local people will remember Emil Mrak who graduated from Campbell High School. He is now Dr. Mrak, associate professor in the division of food technology at the University of California, and has recently undertaken an important job for the Government. He will head a committee on research set up by the War Department Quartermaster Corps to improve nutritional and psychological aspects of Army rations.

Community Chest Drive Lags

As the Community Chest drive enters the final week, Campbell is found lagging seriously with not yet a half of the $4072 quota collected. Workers are attempting to contact everyone in the area but in many cases are forced to make several calls before finding anyone at home.

Schools in the community have started collection of funds among the students and faculty and the amount turned in from these sources is expected to help swell the total.

Martin Walsh, director of the drive, urges workers and donors alike to make the campaign victorious. He says, "The drive is entering its final phase and with a determined effort it will be successful. Volunteers or those who would like to do volunteer work may call me at Campbell 3478. Those who have not been contacted may fill in the coupon found on another page and mail it to me at Box 112, Campbell Postoffice."

Drug Store To Open On Winchester

Scheduled to open in approximately a month or six weeks is a new drug store in the store building between the Kopper Kettle and the new Brand's Furniture Store. R. J. Salice has purchased the building from I. Starling, former owner who operated an appliance and radio repair business on the premises previously.

Salice is now busy selecting stock and the interior of the building to suit his purpose. He plans on a modern, completely stocked drug store and will offer delivery service in a rejuvenated jeep.

The future drug man is no stranger to Campbell for he attended Campbell Grammar School as a child and grew up between Campbell and Los Gatos. Nor is he a stranger in the drug business, having managed several drug store in the Bay area. He is also a registered pharmacist.

During the war, Salice served for 16 months in the Medical Corps of the Army and was stationed in Tennessee and North Carolina.

Death Claims Roy Stoner

A promising business career was cut off and a valuable citizen lost to Campbell in the untimely death last Monday of Roy Boyd Stoner, aged 36. His death was caused by heart failure the day following a major operation.

Mr. Stoner owned and operated the Bear State Engineering Company, manufacturers of cannery equipment, on Union Ave., where his home was also located.

He was born in Watsonville and attended school in San Jose. While a student at San Jose High School he showed a decided aptitude for mechanical work and during summer vacations worked at that trade. After graduating he worked at Can Pack Machine Co. for ten years before opening his own shop in 1939.

On Oct. 17, 1942, the Bear State Engineering Co. was leased and Mr. Stoner enlisted in the Navay Reserve as an M. M. 2/c and rapidly received the following promotions: M. M. 1/c; Mo. M. M. 1/c; C. Mo. M. M. (A. A.); C. Mo. M. M. (T.). He served aboard the USS Cascade, a repair ship engaged in working in the South Pacific, and did extensive diving while stationed aboard the busy craft.

He was cited by Admiral C. W. Nimitz for meritorious service in the performance of his duties above that normally expected and received the Commendation Ribbon authorized by Admiral Nimitz.

On Sept. 19, 1945, he received his honorable discharge and took over his shop, enlarging and improving it.

The young Navy veteran is survived by his widow, Veronica Paulsen. He also leaves two small daughters, Grace Louise and Kay Georgia; a sister, Mrs. Patricia Jelton of Lafayette; and his parents, Mr. and Mrs. J. B. Stoner of San Jose.

Final rites were held this morning at Rutherford's Funeral Home and interment followed at Oak Hill Memorial Park.

He was a member of Campbell Post 596, American Legion, and Lodge 504, International Association of Machinists, A. F. of L.

Safety Speaker Addresses Students

Herbert Miller, who is in charge of safety education for the San Jose schools was the guest speaker at the Campbell High School assembly on Tuesday morning.

He told the students that high school age students are blamed for many automobile accidents by people who say, "Oh, those kids!" but that actually that age group has a lower accident rate than any other. He stressed the fact that since they usually get the blame for things anyway, they should make every effort to improve their already good record and to constantly think of the "safe" way to drive.

NAVY MEN TO MEET

Campbell ex-Navy men will be interested in the formation of a Peninsula branch of the Fleet Reserve Association. A meeting will be held tonight in the Moffett Homes Auditorium in Mountain View at 7:30. C. M. Burrell announces that membership in the organization, founded in 1924, is restricted to retired Navy personnel, enlisted men of six or more years active service duty and fleet reserve personnel with 16 or 20 years of active duty.

SAN FRANCISCO VISITORS

Mr. and Mrs. Walter Krohn of San Francisco, are the overnight guests of Mrs. Krohn's mother, Mrs. Edna Smith, tonight.

Campbell Products To Start Operations In Near Future

Eagerly awaited by the dried fruit workers in Campbell is the opening of the fall season of Campbell Products Co. which is scheduled between the 1st and 15th of November.

Originally organized and run as a war time part of the food industry, the company played a large part in furnishing dehydrated foods for the Armed Forces and later for the starving people of Europe. Last spring, potatoes were run for the purpose of extracting alcohol for the distilleries.

Superintendent Carol Smith says that the first product produced this fall will be edible potatoes and that the work will probably be done in three shifts as it was previously.

New Partnership Formed, Store To Expand

It's "Benson and Jeffers" now since George "Dobie" Jeffers and Lowell Benson have joined forces and formed a partnership in the cleaning business and apparel for men and boys.

The new partnership plans to expand in the near future and will add many lines of men's and boys' wear to those now carried. Good news for Campbell people is the announcement that they plan to carry shoes.

Jeffers has been employed for almost 19 years at Field's Grocery Store and has a host of friends in the community. He is active in church and Boy Scout work and is fulfilling an ambition of long standing in entering the clothing business.

The business was established in 1938 as a cleaning business and the men's and boys' wear was added during the past year. Lowell Benson, the original half of the partnership, is a veteran of the Maritime Service, a director of the Chamber of Commerce and a member of the Kiwanis Club.

Walter Yeager Dies Following Accident

On Tuesday afternoon friends gathered at the Rutherford Funeral Home to observe final rites for Walter Gene Yeager who died Oct. 17 at the County Hospital from injuries received a week before. Yeager, who was 65 at the time of his death, was a native of Oregon. He made his home at 38 Railroad Ave.

Surviving are his widow, Edith Yeager of Campbell; four sons, Victor Yeager of Ordence, Ore.; Ernest Yeager of Richmond; Robert Yeager, U. S. Navy; and William Yeager of New York City; a daughter, Mrs. Lavona Dunham of Richmond; three sisters, Mrs. Semanthy Gardner, Mrs. Alice Boyer, both of Baker, Ore.; Mrs. Verlin Tule of Halfway, Ore.; two brothers, Henry Yeager of Baker, Ore., and David Yeager of Portland, Ore.; and seven grandchildren.

Yeager's death was the 99th traffic fatality in Santa Clara County since Jan. 1.

Fremont Downs Bucs 6-0; Menlo Game Tomorrow

My RON LA MAR

Last Friday afternoon saw a powerful Fremont eleven tumble the fighting Campbell Buccaneers with a 6-0 defeat. The visitors rolled up their sixer in the first minute of the game after pushing and banging their way through a weak Campbell line.

From then on Coach Herb Hudson's Bucs were after the ball every second of play and did a very good job against a line that had 30 pounds per man over our 150-pound average.

The outstanding local boy of the afternoon was fast, fighting Jay Kuykendall. Carrying the ball around the ends, Jay rolled up the most yardade for the team and his tackle in the third quarter, which downed a rampant Indian runner who was headed for pay-dirt, saved the Bucs a 12-0 defeat.

The Campbell squad ran some very nice plays and picked up a lot of yardage, but were unable to score against the heavier opponents.

Friday's game put the Bucs one spot down in the league with one win over Gilroy and one loss.

The league standings are now:

	W.	L.	Pts.
Los Gatos	2	0	4
Santa Clara	1	0	2
Mt. View	1	1	2
Fremont	1	1	2
Campbell	1	1	2
Washington	0	1	0
Gilroy	0	2	0

The Bucs will meet Menlo at Menlo this Friday in a non-league game. Los Gatos beat Menlo, 33-0, in one of their first games this year so the Bucs are favored in their next start.

What Incorporation Would Mean To Campbell

By the Editor

In response to the requests of many readers for a resume of the benefits of incorporation, the following reasons for the incorporation of Campbell as a municipality are presented:

1. INCORPORATION MEANS THAT WE ARE OUR OWN GOVERNING BODY AND MAKE OUR OWN LAWS WITHIN THE CITY LIMITS.

This means that our affairs would be controlled by us instead of by the County Board of Supervisors. The people most affected and interested would have a chance to make decisions concerning our locality. We would have control of our own planning, zoning, and building restrictions.

This state would also make for more positive movements, for it is a well known fact that not much effort is made for minor or major improvements and necessities when we are forced to take the time-consuming methods of our present unwieldly form of government. Only when matters under consideration affect us personally do we take the trouble to protest.

2. INCORPORATION MEANS THAT WE ARE RECEIVING FULL VALUE FOR THE TAXES WE PAY.

Under the present form of government we are paying taxes for which we receive no return. We do not receive any part of the "in lieu" tax which amounted in 1940 to 68 cents per capita and which as a city we would receive.

We do not receive any return for the gasoline tax which we, as individuals, pay. In 1941 this tax amounted to $1.71 per capita. The State exercises a certain amount of supervision over the expenditure of the funds; one-half is ordinarily required to be expended upon State highway routes within the city and the remainder upon other major streets. If there are no State highway routes within the city the entire sum is available for expenditure upon major streets.

We are entitled as a city to 50 per cent of the liquor license fees collected by the State within the city. Liquor sales in the community have increased materially in the past few years and in our unincorporated state we have little or no say in the regulation of liquor-selling establishments as well as not benefiting financially.

We are entitled to retain the police fines collected within our boundaries.

All of these taxes now collected by the County, since there is officially no "Campbell" to receive them, are spent on the County as a whole. In other words, we share the amount rightfully due us with the entire County and the incorporated areas within the County receive the benefits of County offices such as the County institutions and services and also collect the taxes legally due them.

3. INCORPORATION MEANS THAT WE COULD HAVE ADEQUATE POLICE PROTECTION.

Even those who are "agin" the idea of incorporation admit that we need police protection although they are very hazy in their suggestions as to how we shall get it without incorporation since there are no provisions by law for this service by the County and since the County is seriously understaffed as it is.

According to police statistics there should be one policeman on 24-hour duty for each 1000 people—and we haven't even one! Most of us know that the tragic Thora Chamberlin kidnapping might have been averted had we had a police department, and most responsible people hope that another tragedy will not have to occur before we provide ourselves with sufficient protection.

Merely the regulation of minor infractions would make the town more pleasant and safer.

4. INCORPORATION WOULD PROTECT OUR BUSINESSMEN.

Every community, to be the kind of town in which we want to live and rear our families, must have the basic foundation of business opportunities and a chance for business success. Every truck entering this town, every peddler selling from door to door, and every service type of work being done by companies from other towns is a form of competition to our merchants. In all incorporated towns licenses must be paid before those from other communities can do business in the incorporated area.

The merchants in town are now bearing the expense of a night watchman, a service which they would not need if we had a police department.

If we incorporated and added two paid men to our fire department, fire insurance rates in the town would be materially decreased which would benefit property owners as well as the businessmen.

Frank Steindorf was re-elected as State delegate of the County Farm Bureau and installed at the annual banquet held at the Scottish Rite Auditorium in San Jose last Monday evening.

PROMOTED TO CORPORAL

Alson A. Yeager, son of Mr. and Mrs. Dan Yeager, has been promoted to the grade of corporal while serving as a member of the Headquarter's Squadron of the Fifth Air Force now stationed in Japan.

The new corporal, whose father is a popular rural mail carrier here, is a graduate of Campbell High School.

Girl Scout Week To Be Celebrated

Girl Scout Week, celebrated annually by more than a million Girl Scouts throughout the United States, will open on Oct. 27 (designated as Girl Scout Sunday) and continue through Nov. 2, according to Mrs. Ralph W. Johnson, local Girl Scout commissioner.

The theme of the seven-day program highlighting Girl Scout activities and ideals will be "Citizenship in Action Around the World", which was selected, Mrs. Johnson said, because it typifies the widespread interest and effort of the Girl Scouts in behalf of world friendship and understanding.

The Girl Scouts of Santa Clara Valley will join with sister Girl Scouts in more than 8000 American communities in the observance of Girl Scout Week, Mrs. Johnson stated. According to plans now being completed for the celebration, they will participate in the following activities:

A special Girl Scout church service will be observed at the First Methodist Church on Santa Clara and Fifth Sts. in San Jose on Girl Scout Sunday, Oct. 27 11 a. m. Girl Scouts will ask Rev. Joyce Wesley Farr with the special program. Girl Scouts who cannot attend these services are asked to go to their respective churches in their area. All Girl Scouts and leaders and friends are invited to atttend. The service will be broadcast over San Jose's new radio station.

A Girl Scout theater party will be held at the Hester Theater, San Jose, on Nov. 2 from 9:45 a. m. to 12:00 p. m., for all registered Girl Scouts and adult members of the Girl Scout organization.

The nation will celebrate Navy Day October 27. Nowhere else will it have more significance than in California. Since Commodore Stockton sailed in and out of San Francisco's Golden Gate in the campaigns of 1846 which brought California into the Union, the Navy has had its Pacific home berth in San Francisco Bay.

During the war years when San Francisco was the arsenal and the nation's embarkation port for goods and men headed for the Pacific war, the Navy's great, gray strength was a welcome and familiar sight to all who lived, worked or visited in the Bay Area.

The war is ended and most people are trying to forget it. But the symbols of the America's naval might are so familiar a part of the landscape to Northern Californians visiting San Francisco it seems that every day is "Navy Day" there.

Since October 27, 1922, Navy Day has been a national tradition. Nowhere is it more naturally accepted than on the West Coast, especially in California.

Mrs. Parr Made Blood Donor Chairman

Appointment of Mrs. Monica Parr as Campbell recruitment chairman for the Civilian Blood Donor Center to open Oct. 31 at the Chapter House of the American Red Cross in San Jose, was announced this week by Mrs. Archie Keesling, chairman of the Red Cross Campbell branch.

Blood from the Center will be available to all doctors, hospitals and clinics in the area, in emergency cases, with 70 pints as the weekly quoto to be raised.

Emphasis on the fact that blood saves lives, speeds recovery, in peace is in wartime, is stressed by Mrs. Parr in asking that Campbell citizens sign up at her shop, 456 W. Campbell Ave., as donors. "Our slogan is now 'Save a Neighbor's Life—Be a Blood Donor'", said Mrs. Parr. "That tells the blood donor story; your gift of blood, which only you can give, may well save the life of one of our own people."

The Blood Donor Center, sponsored by the Santa Clara County Medical Society and the San Jose Chapter, American Red Cross, will be open each Tuesday and Thursday from 9 a. m. to 1 p. m. Appointments to give blood should be made two days in advance.

The Medical Society provides the technical guidance, processes the blood and furnishes the medical staff; the Red Cross recruits the donors, provides the non-medical staff, furnishes the housing for the Center.

FAVORITE ENTERTAINER TO PERFORM

Bill Robinson, who has but to walk around the stage to "bring down the house", according to many who have seen him, appears in the Civic Auditorium, San Jose, Friday at 8:30, with his company of Negro entertainers. Not only will the famous "Bojangles" do his tricky, inimitable steps, but the Deep River Boys Quintet, and Olivette Miller, harpist, whose jazz and boogie wogie are said to be "a show in itself", and the sensational contralto, Frances Palm, are among the entertainers.

When, in 1944, the White House newspaper correspondents were looking around for the greatest of entertainers for their annual show for the President, Steve Early told them to get Bill Robinson, and it was Bill "Bojangles" who entertained FDR, ambassadors and diplomats for more than two hours.

Campbell Court Notes

By JUDGE BLAINE

Lonnie Weeks, who died as a result of an auto accident which occurred while he was returning with friends from a deer hunt, was a big man with a big and tender heart.

In July of 1942 Lonnie was introduced to Campbell court on a charge of disturbing the peace. In court he explained that he had knocked a man down for abusing his own wife, and Lonnie said that under similar circumstances he would do it again.

The man who had been knocked down quickly took his wife and left our community, and the case was dismissed for lack of prosecuting witnesses. There was a good deal talk about what the incident meant. Would this big man try to terrorize Campbell?

Lonnie was away for a while, and after he returned he supplied the answer. When next he was in court it was to inquire how to get permission to adopt a neglected and half-starved child. He was blocked by legal red tape, but the incident helped in our understanding of the man. A kinder and more truly gentle man would be hard to find.

"A friend in need is a friend indeed." As said more than 2000 years ago that proverb ran, "Nothing is more friendy to a man than a friend in need" Lonnie was just this sort of friend—whether the need was a good sock on somebody's jaw or the most gentle consideration.

Lonnie was a native of the deep South. And not to understand the genuine friendliness typical of the South is not really to understand the South. From among those from the South who have contributed their friendly warmth to the informal sociability of this town Lonnie Weeks will be greatly missed. By the same token, he will be long remembered.

"For Jimmie and me Vote 'Yes' on 3"

Proposition 3 will relieve the teacher famine in California by guaranteeing public school teachers a minimum salary of $2400 a year. *Local taxes will not be increased by this measure. State funds are available for this purpose.*

Two hundred California organizations, including the following, urge you to vote *"YES"* on 3—Republican and Democratic Parties, American Legion, Veterans of Foreign Wars, Disabled American Veterans, AFL, CIO, Native Daughters and Native Sons, and P-TA.

And remember—when you vote "Yes" on 3, be sure to vote "No" on 13, which would further reduce present inadequate school appropriations.

It is hoped bundles will be tied and ready for the big pick-up on Nov. 5. Contact the High School, Campbell 3481, for pick-up so that no bundles will be overlooked. Paper may be brought to the school now.

The long-awaited "Easy To Wed" is coming to the Campbell Theater on Sunday, Monday and Tuesday.

It's hard to see how anyone can miss seing a picture built around Van Johnson, especially when it also presents such personalities in their own right as Esther Williams, Lucille Ball, Keenan Wynn, Ethel Smith, Ben Blue and Carlos Ramirez, to mention the top flight, and is done in Technicolor and with music. This is that kind of a picture, produced with lavishness by Jack Cummings and directed in fast tempo by Edward Buzzell using an adaptation by Dorothy Kinugsley of a screenplay, "Libeled Lady", by Maurine Watkins, Howard Emmett Rogers and George Oppenheimer.

Scouts March In Parade

By Dudley Herschbach
Scout Reporter

Participants in the Community Chest parade in San Jose recently were the members of Moreland Scout Troop 36.

The parade was supposed to start the Chest drive off with a bang—which it did—as a rocket roared high into the sky and burst starting the parade. The parade followed the usual route, starting near Hotel De Anza and going down Santa Clara and First Sts., to the Civic Auditorium. After the parade a program was held in the Auditorium.

The Scout units formed division two, which came just after the military. The boys were transported to the parade by Committeemen H. Pankoski and W. Wisendanger. As their scoutmaster was deer hunting the Scouts were under command of their junior officers and L. L. Miller, assistant scoutmaster.

The Boy Scout movement is one of many that benefit from the Community Chest drive and the public is urged to give the drive its full support.

5 GOOD REASONS
why I like my new
ELECTRIC RANGE

1 COOKS FAST SAVES TIME
I like the way my new electricrangegoesright to work cooking food. With the new, high-speed units, it's just "click and I get heat quick."
2 BETTER COOKING RESULTS
I'd say all foods taste better when cooked electrically. And the accurate timeand temperature controls assure perfect recipe results.
3 GIVES ME LOW COST ELECTRICITY
My use of an electric range earns me a lower electric rate. It's like a quantity discount. I consider electric cooking a bargain value.
4 DEPENDABLE AND SAFE
I find it amazingly simple to cook electrically. And it is just as safe and easy as turning on an electric light.
5 CLEAN AS ELECTRIC LIGHT
My electric range not only cooks with clean, pure heat but it helps keep my kitchen walls and woodwork clean and free from smudge.

It is amazingly easy to turn out a perfect meal with an automatic electric range. There is no magic to it, just flip a switch and you can cook, broil, bake, or roast to perfection with never a worry about temperature adjustments.

With an electric range you have measured heat—the same amount of heat each time—and results will be uniformly good because you have positive temperature control.

Yes, cooking on a modern electric range means less work and consistently better results. Clean, fast, safe cooking—the electric way—and on low electric rates.

Include on your shopping list a couple of "don't miss" items to be found at **Rachel's.** Brown, black, green, and navy flannel slacks are smartly styled and economical. They have fitted side pockets, pleatless fronts, and zippers. You won't be able to resist the new long sleeved plaid shirts which look super with either slacks or skirts. The plaids are particularly bright and the material is of best quality. To go with either the slacks or shirts are wool socks with the checkered cuffs.

* * *

Old Spice, Lentheric, and Seafort, the three leading brands of men's toiletries, are carried in their attractive pre-war containers at **Clark's.** These products come in two sizes, in sets of three, or in individual packages. Shaving mugs and lotions, toilet water, talc, and hair dressing are the products included.

* * *

It's not too early to start that Christmas shopping and why not begin at **The What Not?** Some lovely crystal vases of unusual shapes should be on your list. Now available are large, medium, and small brandy inhalers. Large crystal compote type candy dishes on pedestals will catch your eye. Other lovely gifts would be cottage vases or milk glass bon bon dishes in white or white with pink fluted edges.

* * *

Long awaited gleaming aluminum pressure cookers which may also be used as casseroles have arrived! These cookers, made to fit the stove, will save both time and energy and improve the flavor of your food. Three-piece steel hollow ground carving sets and two-piece training sets composed of spoon and fork may also be purchased at **The Campbell Hardware.**

* * *

Something new has been added —or I should say someone. That super salesman, Mr. George Jeffers, who is always out to please the customer will now help serve you at the establishment of **Benson and Jeffers** specializing in men's and boys' clothing. If you haven't started trading at home, now is the time to begin. You'll find shirts, jackets, ties, socks, belts, suspenders—everything to outfit the men and boys at this shop.

* * *

From brightly striped red to dressy pink you'll find T shirts to fit all occasions at **The Dresser Drawer.** T shirts are now being made with long sleeves and are ideal for winter play clothes. The light colored T shirts are suitable for the boys' dress up clothes, and are even being worn by girls. Due to the scarcity of undershirts many mothers are using white T shirts for this purpose. Yellow, blue, and aqua are the solid colors available, and the shirts with stripes and dots come in every imaginable color combination.

Letters To The Editor

SOMETHING FOR NOTHING OR PAY FOR AND GET THE MOST

Dear Editor:

People who are always worrying about their taxes either don't know enough about what taxes do for us or else they want something for nothing.

It is time someone said something about the real benefits of incorporation as concerns Campbell.

There is none of us who will pretend to say that it won't cost we taxpayers something, but we surely do not agree with some of the alarmists who seem to see nothing but tremendous high taxes as a result of incorporation.

I doubt very much if any of our taxes would be increased $20 per year, but suppose they were—would it not be worth it to have clean streets, police protection day and night, much better fire protection (and as a result lower fire insurance rates), to say nothing of the howling barking dogs that rove through the streets at will, which would be placed in a good home or be taken care of otherwise, and also better lighted streets.

To say that we should not incorporate because the bridge on Campbell Ave. might wash out would be just as sensible as to say "let's don't build the postoffice in Campbell—it might burn down." Forward looking people do not do things that way. We figure the cost, yes, but we are not pesimistic to the extent that all we see is cost.

Perhaps the original boundaries were somewhat too large, but that was expected. At least we have found out by making them too large, who is interested in coming in with us. We can still incorporate without them and the years are not far ahead when they will be asking us to come in at the rate Campbell and community are growing.

Yes, Campbell has growing pains, so you better get on the band wagon and come along with the majority for incorporation.

In earnest, sincerely,

LESLIE G. WHEELER,
A Campbell Taxpayer.

Dear Editor:

I was amused and disgusted at the two letters appearing in your last issue on "Incorporation".

In the first place, the proponents of incorporation have never stated that the advantages of incorporation could be secured without cost, but they have, and do maintain that the little extra cost would be more than compensated for in the improvements.

As regards the creek: Surely your correspondents are aware that the county engineers have spent large sums of money to prevent further damage. Do they wish to infer that these trained experts do not know their work? Even abnormal rains are not likely to do further damage, but even if they did, we are always at liberty to call upon the county for financial assistance in such matters.

I have carefully studied the incorporation question for years, and have consulted experts on every phase of municipal government within the last four months, and still I do not profess to know all the answers. How then can these correspondents expect to be in a position to advise you? I am of the opinion that if opponents would only take the trouble to learn facts, and gave a little more unselfish consideration to their less fortunate citizens, they too would admit incorporation is essential. And if they are anxious to do the community a service, they should both take some active part in its affairs, and prove that they speak—not for themselves—but for the people's benefit whether we incorporate or not.

Yours very truly,
GEORGE E. ARLIDGE,
Secretary,
Campbell Taxpayers' Assn.

Vote For This Remarkable Record

In 20 years of service cycling Judge John D. Blaine has not had a single reversal of judgment on appeal.

In these 20 years not a single defendant that Judge Blaine has held to answer to the Superior Court has failed to be sentenced there.

In these 20 years Judge Blaine has not been absent from his responsible post a single full day.

In these 20 years the judge has not been accused of representing any special group or groups or of any unfairness based on antagonism or friendship or political or not been bluffed by any local emotional bias.

In these 20 years the judge has "bad man" or any organized gang or local or county political boss. Such intimidation has been tried, but never by the same agency twice.

Just about 20 years ago a friend of the judge warned, "Now that you're in politics you're lost. You'll never again own your own soul." But 20 years later the judge still owns his own soul.

In voting for Judge John D. Blaine you are voting for continuation of the foregoing remarkable record. When this record is broken, Judge Blaine, with your help, will probably break it himself.

FOR VETERANS' WELFARE

VOTE "YES" ON PROPOSITION 2!

The Veterans of Foreign Wars and the Disabled American Veterans urge you to vote "YES" on Proposition 2 on the November ballot.

This measure will legalize greyhound racing in California — under strict State supervision — and turn over 4 per cent of all track wagers to a Veterans' Fund administered by the State Department of Veterans' Affairs.

It will perform a distinct service for California veterans. It will guarantee ADEQUATE FINANCING of State-sponsored welfare and rehabilitation activities, including support of the Veterans' Home at Yountville. It will relieve the taxpayer of the burden of paying for these services; greyhound racing will pay the bill instead.

California veterans ask you to support them in this campaign.

Let's Carry Through - Vote "YES" on 2!

5. INCORPORATION MEANS A COMMUNITY IN WHICH WE COULD ALL BE PROUD.

Incorporation would not mean Utopia, for we would still have our troubles and disagreements. Objectors have brought up the creek. If it wasn't the creek it would be something else, for there are always problems, and nothing that is worth doing is ever easy. Another objection is that the times are not propitious. We should wait for "normal times", they say. Unfortunately "normal" times, like happiness, are seldom realized at the time and we are either in "boom times" or "bad times".

During the past forty years, all of which have been unpropitious for incorporation, other communities have accepted municipal government while we have grown into the largest unincorporated area in the State.

At present there are nine different tax rates in the Campbell area set up by the County. They range from $3.785 to $4.462. In an incorporated area the tax rate within that area would be uniform and would naturally be decreased as county functions are assumed by the city. Since the municipal tax rate is set at $1.00 by law, it should make our total tax rate under incorporation at the most, only a few cents higher and this would be offset by reduced fire insurance rates.

We would not have to have a civic center as Mt. View is aspiring to, we would not have to buy a lot of expensive street construction equipment as many people think we would (for even the large cities let this work out by contract) and we would not have to "bleed" the town in order to have a city which we could point to with pride—a city with an efficient police and fire department, a city with clean streets, a city which plans its own growth and development and stands on its own feet.

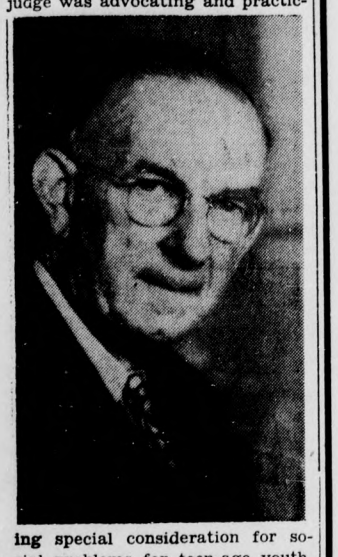
Political Adv.

LET'S NOT BE FOOLED!

There has come to my attention a paid political advertisement in the Campbell Press issue of October 17th, in which, among other things, appears the following paragraph:

"Some years before 1939 the judge was advocating and practic-



ing special consideration for social problems for teen-age youth. Today Youth Centers under various names are spreading consideration for social problems of teenagers over the land."

Just what advocating has Judge Blaine done since before 1939, and up to the present time, that would lead us to believe that because of such advocating Youth Centers, under various names, are now spreading consideration for teenagers over the land?

What actual steps were taken by Judge Blaine in advocating this special consideration at the time of the formation of the Youth Center at Campbell, California? Was Judge Blaine ever in attendance during the formation of the Youth Center, or was he ever in attendance after the formation of the Youth Center? Was the Campbell Youth Center, or were other Youth Centers over the land adopted because of the advocating and practicing of special consideration of the problems of teen-age youths as stated in Judge Blaine's advertisement?

There is a definite tie-in in the above-captioned paragraph, wherein it is sought to convey the idea that because of stated policies adopted by the Judge before 1939, that today the Youth Centers are spreading over the land. Let us hear from Judge Blaine as to just what advocating had been done along this line. Just what committees had been formed? What meetings had been held? What progress, if any, was made toward the formation of these Youth Centers since before 1939.

Was the Campbell Youth Center established as a result of the advocating by Judge Blaine, or was Judge Blaine instrumental in the creation of the Campbell Youth Center?

The advertisement states further:

"The judge now has another advanced idea. It is a special court for youths of college age, over 17 and under 25. This State has a special court for juveniles, but the judge believes that a court for young and highly formative adults is just as important. To deal with them along with old and hardened criminals is not the best method."

Just when was this advanced idea about a special court conceived? How far has it progressed past the embryo stage? Or is this idea of a special court something created to lull the voters of Campbell Township into a state of satisfaction with the present judicial officer? Or it is an idea to be discarded immediately after November 5th?

Is Judge Blaine aware of the fact that for many years past, Santa Clara County has been endeavoring to obtain a Fourth Department of the Superior Court, and is he further aware of the fact that the present Superior Courts are burdened with work, and that there is a pressing need of a Fourth Department of the Superior Court, for the trial of civil actions in this County? And is Judge Blaine further aware of the tremendous amount of necessary steps and obstacles which must be overcome in order to obtain another Department of the Superior Court even in one County? Just how far has Judge Blaine gone with this advancement idea of a special court for youths of college age? What would be the territorial jurisdiction of this Court? With whom has Judge Blaine communicated regarding this advanced idea? Has he contacted the Judicial Council of California? Or is not his pronouncement of this advanced idea a subtle means of attempting to win votes?

Judge Blaine states further in this paid political advertisement that a vote for him is very definitely a vote for community progress. What community progress? Has Judge Blaine ever attended any gatherings or meetings having for their object the accomplishment of necessary civic or social improvements? Community Chest Drives, Red Cross Drives, Old Settlers' Day Celebrations, or any other undertaking for the good of the community?

What effort, or what methods has Judge Blaine pursued that would qualify the statement "A vote for him is very definitely a vote for community progress?"

A cleverly written add may carry with it much subtle deception, and may leave with the people the thought that the statement contained in said ad all tend to progressive community activity, but on closer analysis many discrepancies and impossibilities reveal themselves.
